RTR-RESPONSIBLE
TECH RECYCLING

Capability Statement

OVERVIEW

Responsible Tech Recycling LLC (RTR) is an R2v3 and RIOS certified IT asset disposition facility in Longwood, Florida. We provide data sanitization, IT asset disposition, equipment testing and value recovery, and responsible recycling, with scope and reporting agreed for each project before equipment moves.

CAPABILITIES

Data sanitization
Logical and physical, verified per asset.

IT asset disposition
Pickup or delivery through final disposition.

Testing and value recovery
Testing, repair, grading and buyback.

Responsible recycling
Managed downstream vendors, with reporting.

YOU RECEIVE

Serialized asset report · certificate of data sanitization · chain-of-custody record · disposition report
